

Chelmsford Teaching Schools Alliance

Computing & Online Safety Leader Updates

Delivered by – Dave Smith

Programme Outline:

The session will include strategies to identify and implement improvement to teaching and learning of computing, online safety and the implementation of education technology. Subject Leaders will be provided with the latest news and developments, both locally and nationally.

There will be time for discussion, training and review of resources to ensure computing & online safety subject leaders have a toolkit of resources to meet the needs of the curriculum and responsibilities under Keeping Children Safe in Education and the Prevent duty.

Programme Objectives:

- to develop the skills and knowledge of the computing & online safety subject leader
- to consider how teachers' subject knowledge and skills are audited and developed
- to discuss current developments in computing & online safety
- to address intent in curriculum policies and the mapping of progression
- to improve subject knowledge and approaches to auditing and development of skills
- to provide up-to-date information on local and national issues.
- to offer opportunities for schools to work together and learn from each other on curriculum development, assessment and resources
- to give an overview of new and emerging technologies in computing and for use across the curriculum
- to support leadership roles in monitoring and evaluation
