

Chelmsford Teaching Schools Alliance

Times4Tables

Delivered by – Gill Haysham

From June 2020, the Multiplication Tables Check (MTC) will form part of the annual assessment process. The National Curriculum states that by the end of Year 4, children should be able to fluently recall their times tables up to 12x12, showing precision and fluency in their work.

Times Tables are very important... for future learning and for life. Rote memorisation is not a successful mastery approach. What would an alternative approach look like and how will we ensure that our children are ready for the MTC?

Session Content

Year 3 and 4 teachers will be given a structured timetable to embed learning. Materials will be provided targeting **understanding**, **flexibility building fluency** with known facts, **investigating** and **game playing** over 5 terms in LKS2.

**Please visit our website to make a
booking using our online booking
form**
