NQT and New to Y6 - Preparing for KS2 Tests and Teacher Assessments

About the Session:

This session will be delivered by Theresa Pierce from Juniper Education.

This course is intended for Year 6 teachers, including NQT's who are new to administering or coordinating end of Key Stage 2 assessments. Some more experienced teachers may also feel that it is important to update their knowledge and understanding.

The course provides opportunities to become familiar with the current statutory requirements in relation to end of Key Stage 2 assessments and to discuss related issues. In particular schools need to ensure they are aware of national criteria and standards when making level judgements in Writing. Therefore the course will also include opportunities to discuss and moderate nationally agreed samples of children's work.

Please note: Delegates should bring their copies of the 2019 KS2 Assessment and Reporting Arrangements Handbook
