Implementing the new Early Learning Goals & Development Matters

Tutor: Amanda James, Independent EYs consultant and Lead Consultant for the EYITT programme

About the Session:

The new Early Learning Goals, and associated guidance materials will be formally introduced in all settings from September 2021.

This session will offer Early years colleagues the opportunity to:

- Gain full understanding of the new ELGs and associated materials.
- Consider the implications for practice of key changes including practice relating to the new ELG for self-regulation; the role of observation; removal of the exceeding descriptor.
- Explore how to use the new DM effectively to support practice and assessment.
- Focus on the pedagogy of mastery and its application to Early Years' practice and
- Hear key messages from colleagues currently engaged as Early Adopters.
